Re: WC Docket No. 05-196, DA 05-2358 – Subscriber Acknowledgment Report -
September 21, 2005

Dear Ms. Dortch:

In response to the Commission's Notice released August 26, 2005 in the above-referenced docket, Broadview Networks, Inc. ("Broadview") hereby updates the Commission on the status of subscriber notifications and acknowledgments.

A detailed explanation regarding compliance with the notice and warning sticker requirements is not included herein because Broadview sent out notice and it issued warning stickers to all its VoIP subscribers prior to July 29, 2005.

Broadview has received signed notifications from all of its active VoIP customer accounts. However, in the transitional period before Broadview revised its customer contracts to include E911 limitations language required in the acknowledgments, five additional subscribers committed to Broadview.

For the five subscribers who have not affirmatively acknowledged receiving and understanding the advisory, Broadview intends to make several attempts over the next week to contact the subscribers and explain the acknowledgment. Consequences for not returning a signed acknowledgment will also be explained to the subscriber. If subscribers do not return a signed acknowledgment by September 28, 2005, Broadview will only turn up a restricted dial plan that will prevent all outbound calling except toll free and E911. Subscribers will still be able to receive inbound calls. Restricted dial plans will remain in place until a signed notification is returned to Broadview.
